# A Guide to Pork Cuts

Pork is not graded by the USDA as is beef. Pork grading involves two basic factors. Size and gender of the animal. Some of the terms that are used are:

Butcher Hog - Male or female raised strictly for meat. Weighs 195 to 320 pounds.

Barrow - Male butcher hog.

Gilt - Female butcher hog.

Sow - Female breeding hog. Weighs 300 to 700 pounds.
